

Home Reading Workshop for Kindergarten Parents!

Jan. 10, 2017

Dear Parents,

As teachers, we are excited to watch your child's first steps in his/her formal education. We realize that your child has acquired a vast amount of knowledge from you, their primary caregivers and first teachers. We are anxious to continue the success you have had with your child. With this in mind, we would like you to attend a workshop to introduce the Home Reading Program with the goal being to suggest to you certain activities to stimulate your child as a future successful reader. The workshop will be held on **Monday, January 23, 2017 at 6:30 p.m. in the Staff Room (second floor!).**

We look forward to seeing you there.

Sincerely,

Marie Beaudoin & Barbara Guthrie
